---

Field notes 160 acres  
Nathan M. Gee

---

Filed 1st April 58.

---

These field notes give the East boundary  
line of the adjacent League survey in the  
name of A. E. Westall in one event a course  
of N 10° E & in the other one of due South.  
Which is correct? Besides this survey  
conflicts on our map with J. H. Walker  
pat. 320 acre survey. Sketch wanted  
to show its true position.

Sept. 24/58 Greenville.
